TESTIMONIAL

Nenad Vucinic – Tall Blacks Head Coach

Lindsay has been a star player in NZBL during my Coaching career in New Zealand. He was extremely difficult player to counter and most times our defensive strategies were based on how to stop him. His ball handling skills and his transition ability has marked the last decade of our League. He has managed to lead his teams to several titles where he was a key figure in his teams.

I have also been coaching Lindsay in last 4 years as a Tall Blacks Head Coach. During that time Lindsay has shown high level of commitment, passion and determination. I would say that his highlight was his outstanding performance at the World Championship in Turkey in 2010.

I would strongly recommend his Camp as young players would be able to learn a lot from his experience and also to be taught great basketball skills.
