

4th MINI SOUTH PACIFIC GAMES RESULTS OF ATHLETICS COMPETITION

The following results are not official, but have been taken from the official result sheets. There is still some information missing - especially for field events - and it is hoped to publish that information when it has been received.

Thanks must go to Peter Warwick, Mr & Mrs Martin Esogamano and Fletcher McEwen for supplying the results.

I welcome all additions, corrections and comments on these results. There are probably many spelling mistakes with names. In addition I would appreciate it if National Federations could provide me with the names of the relay runners to enable a full set of relay results to be published.

If any coaches/officials have unofficial splits for the 4 x 400m relays, then this information too will be greatly appreciated.

When the full set of results has come to light and all corrections made, I will then send out the up-dated Mini South Pacific Games Records.

MINI GAMES COMPARISON

Using the 1992 Edition of the I.A.A.F. Scoring Tables it has been possible to compare the standards reached by the gold, silver and bronze medallists at the four South Pacific Mini Games held so far.

Each performance has a value on the Tables and by adding the points for each of the medallists, and then finding the mean, one can get an overall impression of the standard of that event at that Games.

True, this method does not let us know how deep the talent is, but it is one measure of comparison.

It must be recognised that wind plays an important part in nearly all South Pacific competition and many of the sprint points are less than they should be as the athletes are running into a headwind. This has been particularly noticeable in the 9th South Pacific Games in Port Moresby and the 4th Mini South Pacific Games in Port Vila.

The only events not scored by this method are the Multi-Events (Decathlon and Heptathlon) and the Men's Javelin, which had a change in implement in the mid-1980's.

The quality of the competition in Port Vila can thus be seen. Vanuatu experienced the highest standard of track competition seen so far and the second best as far as the field events are concerned.
