## About Palau Football

The Palau Football Association (PFA) was incorporated on May 28, 2002 under the laws of the Republic of Palau as a non-profit corporation. It is one of 15 federations of the Palau National Olympic Committee (PNOC). There is a small volunteer board that is primarily responsible to conduct all the activities of the association along with a handful of volunteer parent/coaches.

The primary purposes of PFA are to:

- promote, develop, and organize the game of football in Palau;
- promote and develop regional and international competition;
- build capacity of technical officials, coaches and players in Palau.

This shall be accomplished through both school-based and adult programming, and participation in local, regional and international events. Through the sport of football, the PFA is committed to building good character among the youth, promoting good sportsmanship and the non-use of tobacco, tobacco products and illegal drugs by players, officials and supporters of the sport and only the responsible use of alcohol by adults.

*“Success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do.”*
