The above results have been obtained from Tony Isaacs' ***Pacific Statistics No. 1, April 1990***

We are asking for help from interested readers to provide additional information to make the results a fuller, and more accurate, document.

In the results as published by Tony Isaacs, many of the athletes have only the initial for their first name. It is possible to assume the "name that should have been" for only a few of the better-known athletes. I am looking forward to filling-in the gaps in the results once the first names of the athletes below are known -
