## from the head coach

Hi All,

With Camp 2 completed at Altona Lacrosse ground in Melbourne, March 23- 25, all squad members from across the country were again put through sprint, beep, skin fold and hydration tests by our sports scientists Ted and Stuart. Ted gave a great talk on topics including sports supplements and the current situation in Australia which is extremely important due to recent events in sport and advised all players to become familiar with the [ALA Anti-doping policy](#).

A series of lacrosse games and drills were also played out over the 3 days and the coaching staff are extremely pleased with camp results and player responses to the weekend.

After camp, the difficult job of team selection continued and players were released from the squad, now reduced to 51, this includes the nine 9 players based in USA. They will be here for the June Nationals and I am looking forward to watching for the first time, their performance as they represent their individual states in the Australian Championship.

The Australian squad will also "Duel Down Under" against the visiting Japanese National team at 9am on Sunday 9th June at Footscray Lacrosse Club. Come on down and support your favourite players. Then a Sunday afternoon and Monday morning program for all squad players will wrap up what will be a huge lax week in Melbourne.

I would like to wish good luck to all State Team coaches - Gavin Leavy - WA, Tony Hill - SA, Murray Keen and Chris Baker - VIC and to all State Team players participating in the June Nationals .... may the best team win.
