# Thanks Griffos!

As Josh and I step away from coaching the seniors we'd like to take this opportunity to thank everyone who has been involved over the last four years. Hermy and the committee have given us great support and Hermy in particular has put up with my ranting and complaining in stoic fashion. Kosta, Robba and Arch have been amazing with the Reserve's given the amount of times we've crippled them at the selection table. The club is lucky to have you blokes around and we hope you'll remain involved for many years to come. Michael Cliff (the meaning of life) has been a great help to us this year keeping us grounded and looking after the back six, a law unto themselves who stopped listening to us years ago... He's also been a sounding board, particularly for Josh for the whole journey and provided valuable support.

To the past players who come along and support the team, you've been awesome and we've enjoyed talking footy with you all along the way but most of all we'd want to thank the players. You've put up with our ravings, with long pre-seasons and with the Double Push Back, the Double Fake Lead, Ignorance is Bliss, the Double Ended Crucifix, South being shut, Risky talking shit and Indian file pursuit. You blokes have been awesome! After the 2011 season Josh and I sat down to drum out a plan and to set a few goals for ourselves. First among them was that when we finally decided to pack it up we wanted to have the Griffins playing better football than when we started. We may be a bit biased in our opinion but we're content that this box has been ticked. Putting a plan together is one thing but having you blokes buy into it and do the hard work has allowed us to progress to a place where we, for who and what we're all about, are playing

Thanks to all for an amazing opportunity. The Griffins will always be a special place for the both of us.

Looking forward to cheering the Mighty Griffins on with frothy in hand in 2015. All the best!

Schitty and Clifty.

**Congratulations to Tim Robb for taking home the most revered award of the evening; The Golden Boot.**

**Whilst the outsider hadn't featured in any Golden Boot prediction charts, it came as no real surprise. The Boot was awarded after sources confirmed that a misguided and disheveled panda had been seen trawling the streets of Canberra on a Monday afternoon late in August after being expelled from numerous venues throughout the day.**

**With the bar now substantially lowered, the challenge is open for next year's competitors.**

## Footy Trip

**There are still a couple of places available on Footy Trip at Kiama this weekend. Cars departing South Oval from 5:30pm and returning to Canberra throughout Monday afternoon.**

**\$200 per person or payment arrangements can be made if you are only available for 1 night. Get in contact with Arch, Nads or Churchy asap.**
