In what was the upset of the year a fanatical Centrals ruffled and hustled Tigers out of a chance in playing the 1980 Grand Final.

With obvious rough play tactics Centrals took the game right up to Tigers and when it looked like Tigers were going to steam ahead, Centrals answered every challenge. Players in Collins and Worthington won possession and disposed cleverly while Holly, Knox and the two Wales upset Tigers concentration further downfield.

Merv Price, although himself having taken a couple of knocks, kept his cool and was Tigers only consistent backline player. At halftime Tigers had the game in their grasp as Centrals had suffered through injuries because of their tough play, however some players had become too frustrated and the team could not collectively come together and play Tigers well known brand of good football.

A highly motivated Centrals team carried on with the work after halftime, frustrating Tigers star players even further to such an extent that most of the team had forgotten about winning in the last quarter and wanted to square up. Valiant efforts by Merv Russell could not bring Tigers to their senses.

Today's game will be a complete change from last week's brawling game, where good football is the order of the day and there are still a few sore players in the Centrals camp, where as Pioneers will be at full strength for their first ever Grand Final and should prove to be too good on the day for Centrals - MY TIP - PIONEERS (note I picked the winner last week)

Last Saturday night in the Newman Club the Newman National Football League held its Sir Ian McLennan Medal and Trophy presentation night to a packed house, where Dave Fulton of Saints won the Sir Ian McLennan Medal (15 votes), runner up was Tigers Gerrard White (11 votes) on a count back from Bill Knox, Centrals (11 votes) Dave Otley, Tigers (8 votes) and four players on 7 votes in Curtis Clarke, Tigers, Rob Melpass, Centrals, Steve Cocliff, Saints and Alex Marton, Pioneers.
