Message from the Minister for Tourism and Major Events

Welcome to the Gold Coast for the 2016 AFL Masters National Carnival– part of our vibrant calendar of events that make Queensland the best address on earth.

Experiences are at the core of any destination event and I hope you come away from the AFL Masters National Carnival with some amazing Queensland memories.

Events play an important role in showcasing a destination, driving visitation, fostering community pride and creating jobs for the local community.

The Palaszczuk Government recognises that events drive Queensland's tourism economy and we are proud to support this event through Tourism and Events Queensland's Destination Events Program.

Thank you to the event organisers, volunteers, and those who have come together to deliver the AFL Masters National Carnival, and I encourage you to make the most of the tourism offerings throughout the Gold Coast.

The Hon Kate Jones MP

Minister for Tourism and Major Events

Gold Coast Mayor Tom Tate's Welcome Message

Sport is an integral element of the lifestyle choices of many Gold Coast residents. We certainly encourage our community to be active and healthy and, for many, following their local sports club is an enjoyable pastime that offers fun, excitement and engagement with other people who share their passion.

The Gold Coast Suns thrive on this kind of support and I see the AFL strengthening its position on the Coast in the years to come.

I am delighted Gold Coast will this year be host to the AFL Masters National Carnival. Coming just after Grand Final week it will provide the real "tragedies" with a continuing dose of their favourite sport and ease the pain of the regular season having drawn to a close.

It is great that this competition attracts such a substantial following for slightly older members of the community. I can relate to it! Just not sure I will be pulling on the shorts to run around this year!

But I hope everyone who participates whether as player, fan, support personnel or volunteer has a great time. May your special team win!

Mayor Tom Tate
City of Gold Coast

2016 AFL Masters National Carnival

Welcome to the Gold Coast

To all participants, umpires, coaches, support staff and their families, welcome to the Gold Coast for the 2016 AFL Masters National Carnival.

I am delighted to note the introduction and inclusion of a Women's Masters competition to the program this year. I am sure that with the advent of the AFL Women's League in 2017 the number of women participating at Masters level will only grow in popularity and attract greater recognition over the ensuing years.

It's fitting to hold this year's Carnival in Queensland as the state celebrates 150 years of Australian Football; the Gold Coast region in particular has been a great traditional supporter of AFL football in the State.

Games will be played at the home venues of Southport FC and Labrador FC, strong Australian Football clubs supporting players competing in the North East Australian Football League and the AFL Queensland's QAFL competitions.

Previous National Carnivals in Tasmania, Adelaide, Maroochydore, Sydney and Darwin have provided a huge economic injection to the host state and we encourage everyone involved this year to take time to experience everything that the Gold Coast has to offer.

Masters competitions are a great way to stay involved with football and benefit from the great social networks that come with doing so; I hope you enjoy the camaraderie and social activities surrounding the Carnival.

Football is a great way to stay physically active and, with all age divisions from Over 35s up to Over 60s, age is clearly no barrier to participating.

Events of this size take an enormous amount of planning and I would like to thank and congratulate the organisers for their hard work so far and a special thanks to all officials and umpires; I hope you too have the chance to enjoy the Carnival.

I wish everyone the best of luck on the field this week and hope you also enjoy your time on the Gold Coast.

Gillon McLauchlan
AFL CEO

National Presidents Welcome

I extend a very warm welcome to all competitors, officials and their families to the 2016 Gold Coast National Carnival. 2001 was the last time we had the pleasure of enjoying all of the Gold Coast's great sporting facilities along with the extensive entertainment precinct. If we get the "beautiful one day and perfect the next" weather the Gold Coast is famous for, then the rest will fall into place throughout the eight days of the carnival

Steve Burchill and his team, under the direction of our National Director Derek Delany, have worked tirelessly to ensure that all systems are "go" for what has always been a very attractive destination, especially for those who seek the sun, fun and great night life that Surfers has to offer. The grounds at the Southport and Labrador AFL Clubs will be the perfect setting to host the forty teams expected to

compete across six age groups and ten divisional draws. The draw will be split between the two venues on each of the four game days. For the very first time we will be hosting Ladies AFL Masters games, which we believe will be hotly contested. The victors will be hoisting the Inaugural Ladies Premiership cup high for all to see. It is very exciting to have the ladies involved in something that could become huge for Masters in future years. This year's carnival sees in excess of 850 players and more than 1300 people visiting the Gold Coast enjoying the competition as well as the extensive tourist trail on offer – so please take full advantage and "enjoy"

Our appreciation goes to all our sponsors, Tourism and Events Queensland, Southport AFL Club and the Labrador AFL Club, who have helped to ensure that the 2016 AFL National Carnival will be a complete success. The Southport AFL club offers a vast array of entertainment and meal options for the most discerning guest. So take advantage of all the club has to offer during your stay. Labrador will also be able to look after your food and beverage needs each time you visit. So if you would like to sit and enjoy a meal or just enjoy beverage they will be there to cater to your needs.

There are a number of functions to be held during the course of the week. The opening Ceremony as well as the Drop Kick and Sprint competitions will be conducted at Southport on Sunday evening during the first round of competition. We also have the Hall of Fame and the Supers Club functions which are a great hit so please refer to your programme or contact your State President for more details. The final night Presentation will be by far the biggest event which celebrates and rewards the week of competition. This will be held at Sea World on Saturday the 8th. It is open to all family and friends so come along and enjoy the food, beverage, entertainment and conversation as well as the rides on offer during the course of the night.

On behalf of the AFL Masters Board and Management we wish you a fantastic and safe stay here on the Gold Coast, and as always enjoy your "FOOTIE FOR FUN"

Steve Eurell

National President

AFL Masters Queensland Presidents Welcome

On behalf of Queensland AFL Masters I would like to extend a warm welcome to the National AFL Masters Executive, State Presidents, Coaches, Umpires, Officials and the players and their families to the 2016 AFL Masters Carnival on the beautiful Gold Coast . With the Gold Coast famous for its Golden Beaches and world class attractions we are sure everyone will be well catered for during the Carnival week.

Be sure to visit the Major Theme Parks of Dream World and White Water World , Movie World , Sea World , Wet'n'Wild and the Currumbin Bird Sanctuary.

Day trips can be made to Mount Tamborine and the Gold Coast Hinterland .There are plentiful Golf courses on the Gold Coast and for the Ladies there is fabulous shopping to be had at a variety of Shopping Centres and Outlets .

All matches will be played at Southport AFC and Labrador AFC which are within 5 kilometres of each other and will be linked by a bus on match days.

I would like to thank our Carnival Director Derek Delany and his Event Management team of Andrew "Tank" Neilsen and Amanda Hamilton for their organisational skills to make this carnival happen . Thanks also to Labrador Match Day coordinator Bruce Midson and the team of volunteers who will donate their time and effort . Events of this size do not happen without their input.

AFL Masters is "Footy for Fun" . Good luck to all the sides competing . Please enjoy the week and what the Gold Coast offers and look forward to watching some good football over the coming week.

Steve Burchill

ALF Masters Queensland President

Rules for AFL Masters National Carnival

Revised Rules for 2016 Carnival

General Rules:

- Only 1 player from each team to contest any ruck or boundary throw-in. Penalty against 3rd. man up (unless play on is called by field umpire), football is to be thrown up at all times not bounced.
- If no boundary umpires in place, the field umpire brings the ball in 20-25m and throws it up.
- No player can raise a knee in any rucking contest or when attempting to mark the football, a free kick is paid whether contact is made or not, it's about the action of raising your knee.
- The player in front of the pack competing for the mark is to be given every protection, i.e. no player can use their knee or boot into a player's body or ride shoulders.
- No slinging, shirtfronts, front on contact, rough conduct, late contact, tackling that may cause injury, anything remotely high is high!
- After a point and all clear Goal Umpires must have finished waving their flags before play recommences (no quick kick in).
- No penalty for deliberate rushed behinds.
- No deliberate out of bounds penalty.
- No time on. The only exception is when a stretcher enters the ground or an ambulance is required on the ground, this shall be determined by match management. See below.
Time clocks will stop in the event of a stretcher or ambulance being called by Trainers, play will resume when injured person is off the ground, this will be determined by the National Board administration at the ground as to how it will be managed.
- Player stretched off the ground may not play again in the carnival unless cleared to do so by the carnival doctor.
- In addition to an umpire, a controlling body (being in this case the AFL Masters Board) may authorise a person or persons to report any player or official who commits or engages in conduct which may constitute a Reportable Offence. Any person so authorised shall have the same powers and duties as imposed upon an umpire under this law 19.

Super Goal (12 points):

A Super Goal is when a player kicks a drop kick goal from a minimum 20 metres out (grounds shall be marked with an arc line 20 metres out from goal). The ball must be dropped kicked and go between the goal posts either on the full or bounced through without being touched. The ball must pass entirely over the goal line.

- Super Goals are signalled by the field umpire raising both arms straight above his head to signal to the goal umpire all clear.
- Goal Umpires are to then raise both their arms straight above their heads to signal, and then wave one white and one coloured flag (coloured flags shall be available at each oval).

For the avoidance of doubt:

1. From a mark, free kick or 50m penalty (see next paragraph), the setting of the mark must be no closer than the 20 meter arc line and the player must kick the football from outside the 20m arc line.

2. In relation to the above, the setting of the mark determines the point a Supergoal can be attempted, e.g. if the mark is set inside the 20m arc and the player goes back outside the arc to take his kick a Supergoal cannot be attempted.
3. Should a player play on or in general play, they must kick the football from outside the arc line.
4. Should a ground not be marked with a 20m arc the field umpire shall determine if a Supergoal has been scored.
5. Should there be any doubt on whether it's a Super Goal or not, the field umpire has the final say. However we encourage field umpires to consultate with goal and/or boundary umpires to determine any Super goals if there is doubt and it still can't be determined it's judged a normal 6 point goal.

Super Goal in relation to a 50m penalty being applied:

1. Should a 50m penalty be applied and it would take the player inside the 20m arc the player can elect to attempt a Super goal but the mark is to be set no closer than the 20m arc, should a player elect to not attempt a Super goal the mark can be advanced inside the arc, this may include but not limited to being set on the goal line, but a Super Goal (12 points) cannot be attempted.
2. Furthermore, should a 50m penalty be applied from within the 20m arc the player can elect to have the mark set back on the 20m arc and attempt a Super Goal (12 points).
3. On both these above occasions where a 50m penalty has been applied and the player elects to attempt a Super Goal the mark is set directly in line with the centre of each goal.

Rational: it is to the greater penalty against the offending side (this is then consistent with all other rules as referenced in the Laws of Australian Football).

Send-off coloured cards:

 **GREEN CARD** - Automatic send off until end of current quarter plus one additional quarter.

 **YELLOW CARD** - Automatic send-off for remainder of the match.

 **RED CARD** - Automatic send off for remainder of match plus reported.

Send Off Cards shall be issued to umpires at the ground.

Send off rule: Any player sent off by the umpire can be replaced during the penalty period.

Players can be sent off but not limited to the following indiscretions.

 **VERBAL ABUSE** - Green Card

Verbal abuse or dissension to any person on field (ie. Umpire, opposition player or team mate) or any self-abuse using abusive language, audible language.

 **UNDULY ROUGH PLAY** - Yellow Card

Unduly Rough Play (shirt front, charge, or any unnecessary tackle or challenge likely to cause injury)

 **FIGHTING** - Red Card

Offences you would deem reportable offences, i.e. striking by fist, elbow or foot, head-butt, umpire assault, the higher end of the scale type offences.

- Second offence of Green Card (or yellow) in the same match will automatically attract a Red Card. Any player who receives a Red Card is automatically reported and referred to the Board for further action and they cannot take part in any other games that day. All send-off's must be recorded on match paperwork including their Name, Number, State, Colour of card and offence.

The History of AFL Masters in QLD

At the end of the 1981 footy season Morningside player Ian Polglase and coach Ray Buckley travelled to Ray's home town Darwin where they saw a Victoria v NT Superules match. The "why can't we do this in QLD" seed was planted.

At the end of 1982, Superules founder John Hammer met with Ian to further discuss Superules in QLD and in July 1983, Courier Mail Sports columnist Peter Blucher publicised the inaugural Superules meeting to be held at Morningside football club on Sunday July 10. The meeting was attended by 14 people.

From this meeting, it was decided that players 35 years of age and older would meet every second Sunday to train and play a game amongst themselves. They met at various grounds including Morningside, Windsor Zillmere, Mayne and Coorparoo.

In 1984 after growing interest and participation, it was decided to form the first formal Queensland Superules Executive Committee along with four geographical teams rather than individual clubs to ensure the spirit of fun was maintained. Easts, Souths, Norths and Wests were formed (with the Brisbane River dividing north and south and Ipswich and Gympie roads dividing east and west) and games were played every second Sunday morning at various grounds. Both games were always played at the same ground and a barbecue, beer and raffles always followed.

In 1987 the North Coast joined the competition and in 1991 the Gold Coast became the sixth team to even up the competition. A fortnightly bulletin was published and made available at the following game and all players were keen to see if their on or off field exploits made it to print.

QLD participated in its first national carnival later that year in Darwin and its first game was against Tasmania. At the end of the carnival Rod Diprose and P Sauerbeurg were named as QLD's inaugural All Australians.

In 1987, QLD hosted its first national carnival at Coorparoo footy club. This was also the first year that an over 40s exhibition game was played and featured QLD. Two years later there would be a full over 40s carnival competition.

In 1992, the Gold Coast hosted the second QLD carnival at Labrador footy club. And this year saw QLD win its inaugural national championship, taking out the over 35s Division 2 and the over 40s. This carnival also saw the first over 45s game and QLD once again featured. And four years later there would be a full over 45s carnival competition.

It took QLD until 2001 to win its first over 45s championship, held at Southport, and in 2005 won its first over 50s carnival in Adelaide.

In 2015 QLD fielded its first ever over 60s team at the Tasmania carnival.

From its humble beginnings and through the dedication and hard work of many people over its 33 year history, QLD now has 38 clubs from Coolangatta to Cairns and west to Mt Isa. And in this 2016 home national carnival, will field 14 sides and 325 players. Not bad for a rugby league state!
