- Your card may be suspended in the case of improper use.
- Place all your unwanted used shuttles in the baskets provided at the end of your court booking.
- Please ensure that all rubbish is removed and placed in the rubbish bins provided.
- No animals are permitted in the hall.
- Last person out needs to ensure the alarm is set and the entrance door and any other exit doors are closed.
- Badminton Wellington is not responsible or liable for personal accidents, injuries sustained or for any loss, theft or damage to goods or participants.
- Badminton Wellington may hold you liable for damage that may rise from negligent use, or leaving the premises unsecured.

Etiquette

- *Stay well clear of the courts while the shuttle is in play, when you are not playing. It is dangerous to be too close to the back of the court during a rally as the players will not know you are there and may hit you when going for the shuttle.*
- *Do not lean on the net, pull down the net, or shake hands over the top of the net. The bolts holding the posts up are under enough pressure already.*
- *If you hit the shuttle into the net, it is your responsibility to retrieve it and pass it over to the opponent. However, if you are the opponent and closer to the shuttle, it is friendly to get the shuttle yourself.*
- *It is disrespectful to hit a grounded shuttle to the opponent like a field hockey player, and it is not good for the shuttle.*
- *You should call your own faults, such as the shuttle hitting your body, the shuttle nicking your racket before the other person on your side hits it back, or both players on one side hitting the shuttle in one turn.*
- *You make the line calls for shuttles landing on your side of the net, and respect the calls your opponent makes for shuttles landing on their side of the net.*
- *If your shuttle lands on an adjoining court during play, wait for a gap in the game on that court before retrieving it. Do not interrupt a rally to get it back.*
