Come down and play in a new exciting brand of basketball! 3 vs 3 basketball is taking the world by storm and for great reasons. Our sessions are 60 minutes, with games being 2 x 12 minute halves, allowing us to teach players 30 minutes of skills prior to the game. 3 vs 3 basketball has some great benefits at a young age as players get to touch the ball more often, make more decisions both on and off the ball and learn to guard their player. A great stepping stone before playing domestic basketball with one of our fantastic domestic clubs.

We will play on lowered rings with size 6 basketball's to allow every child to have a chance to play. Teams will be mixed gender, and you will need to register as individuals and will be placed in teams of 4.
