Welcome/President's Report

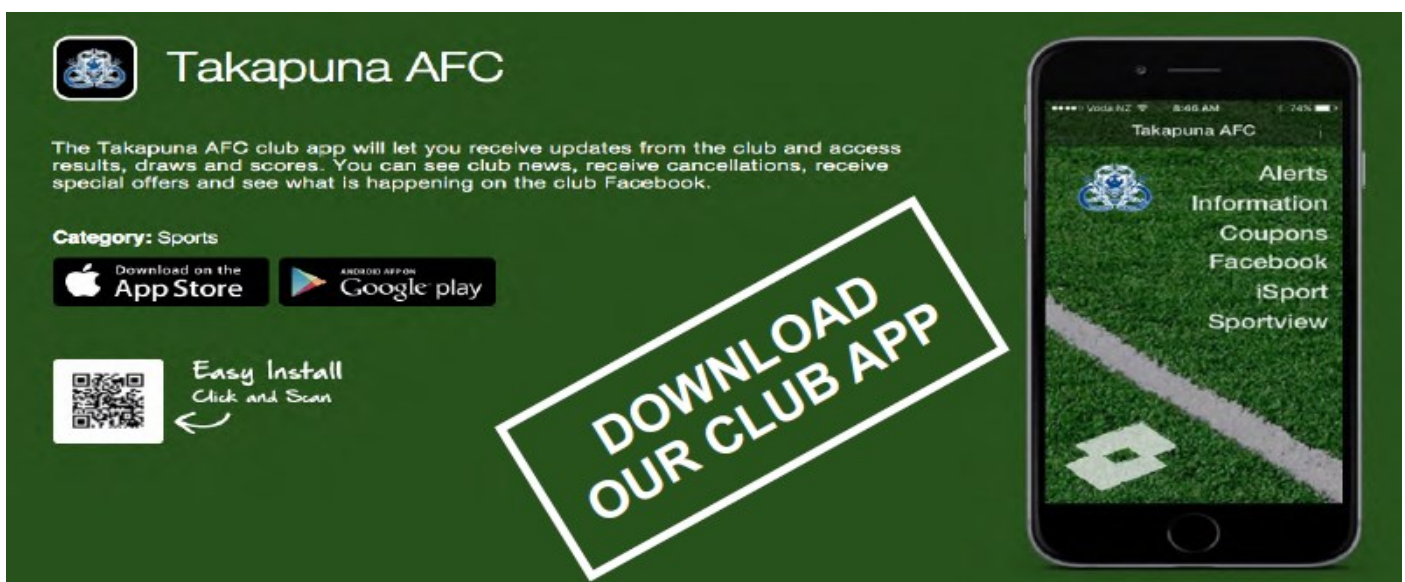

On behalf of the Takapuna Committee welcome to Taharoto Park for round fifteen catch up game, of the NRFL division two season. I would like to extend a warm welcome to the management team, players and supporters from Te Atatu AFC.

A small reminder to our home teams today—clean your changing room out after your game and look after your opposition, showing them the best of what Takapuna has to offer on and off the pitch. Finally a reminder that the club has a policy of no drinking in the changing rooms. If we are caught this could affect our bar license.

Good luck over the weekend to all Takapuna teams.

Please enjoy today's game and I sincerely hope that you will experience the hospitality on offer during the day and then join with members from both clubs in the clubhouse after the game for the post match player awards and socially relax in the excellent facilities we have to offer.

Wayne Hallford
President

Takapuna AFC

View from the Dugout

Welcome to Taharoto Park for an exciting fixture against Te Atatu AFC.

It only seems yesterday that we started our campaign for 2017 and our crazy game at Te Atatu Peninsula. As much as we all enjoyed that day it's not quite where we need to be again at home.

Today is clearly our chance to get back to winning ways after a loss last week at Waiheke and our home form does need to be improved, both for our fans and for the points on offer.

The inconsistencies of our season really has been our downfall and we've looked to address that in every training session but a good finish is so important for us.

Our trip away to Waiheke I felt we looked a bit ring rusty and overawed by the trip and the support waiting for us. But credit to Waiheke they looked a good footballing side and I expect they will be pushing for the title this year.

Saying that, we defended too casually I thought and didn't look good enough in possession when the counter attack was on. The score line was slightly misleading as we were in the game for the large portions of the game, but there were still plenty of areas we could have improved on. It was frustrating getting to the island for the game and all the travel it takes and leaving with nothing.

It is certainly important we pick up some points from the next two home fixtures, just as last season I don't expect there to be any easy games in this league. I'm probably the same as most and expect three points from every game which can lead to disappointment. I know there is strength and a mind set in our team to give it their best shot.

From all the players we thank you for your support and clearly the more fans we can get at home the better. If we can get an atmosphere here anything close to our last home game it will make a big difference. That certainly has to go two ways though and it's the players and management's job to give our fans something to cheer.

Enjoy the game.

UP THE TAKA BOYS!

Joe Daw

Waiheke Away

After some great results of late for the Ressies and with Waiheke just a few places above us in the table we were looking forward to a good contest against a very capable team. Everyone was excited for the 'overseas' travel. Unfortunately though the weather was somewhat undesirable and a lot of the lads were looking pretty green after some choppy water during the ferry ride.

A huge factor during the game was the strong wind blowing from one end of the pitch to the other. We opted to play with the wind first half and started very well. Waiheke had a big pitch which usually suits our style of play; however the wind negated this advantage for us as it was difficult to play the ball any more than a few feet at a time. Waiheke are a team of good footballers so you want them to have the ball as little as possible which we did very well and dominated the first half making it difficult for them to get around our high press and they subsequently created very few chances. Our dominance was rewarded late in the first half with a combination of a pinpoint cross and far post header, making the score 1-0 Taka at half time.

Being 1-0 down and now with the wind in their favour we knew the second half was going to be a battle. Around ten minutes into the half we were awarded a penalty, which was easily slotted away giving us some breathing room. We kept pressuring and around five minutes later we were awarded a free kick at the edge of the box. Some lads described the free kick as the "worst they had ever seen" but the keeper misjudged the bounce due to the wind and it somehow went across the line for a much needed third goal. To their credit Waiheke really pushed for the last twenty minutes, pressing us very high and creating some good chances but our determination and organisation thwarted any chance of a comeback. The game finished 3-0 Takapuna.

A fantastic result for us going away and getting three points and a clean sheet against a very good team. It's vital now that we keep this momentum going with a couple of home games coming up and the next round of cup just around the corner.

Up the 'Puna!!

Lewis

It seems this week the nation has gone quiet about rugby. Wouldn't be because the Lions actually won a test match would it? It might have helped slightly.....just a smidge....by having a player extra, but it will certainly make for an interesting final test this weekend.

So what can our players and coaches take out of the game?

- 1) **Never give up!** The All Blacks showed amazing professionalism and determination despite being a player down. They worked for each other and were very unlucky not to come away with a result.
- 2) **Don't lose your head.** Stay focused and stay on your game. I've had many a game where my team was on top and flying, only for someone to lose their cool and change the whole dynamic of the game.
- 3) **Be flexible.** Some may criticise Steve Hansen for taking a forward off to keep numbers in the backs, but he had to think on his toes and, in the end, it was probably the reason the Lions only scored one try!

The Harcourts Cooper & Co First Kicks programme was back in action last week. I love these night games. There's always such a great atmosphere. It's great seeing the children progressing too. More control, spreading out, passing and looking up for options. This is especially true for the 7th and 8th grades. Parents – don't worry if your 5th and 6th grades aren't quite there yet. It's more about dribbling at that stage, and finding a love for football is key.

Junior and Youth coaches....Want to find fun ways to include strength and conditioning into your sessions? Coach Rob Masters had his 11th Grade Wolves in a sweat, but they absolutely loved it, and it will certainly help with their football development. One of the drills I loved was when they had to race to the ball and bring it back to the start line, but not on their feet. No – the players had to be certain animals each time. Eg Bear was moving on your hands and feet, Bunny was jumping etc. Competition was made even fiercer when the balls were reduced one by one like musical chairs and players had to battle against one another.

11th Grade Wolves with Thomas and co

This Friday is the last Harcourts Cooper & Co First Kicks programme for two weeks. There will be no training or Friday night games for the First Kicks during the holidays. Planet Sports training resumes from Monday 24th July. Friday night games will resume on Friday 28th July. Juniors and Youth can train at the team's discretion.

Chris Bryson
Director of Football

After this weekend, the next Junior games will be:

5th-8th Grades: Friday 28 July

9th-17th Grades: Saturday 22 July
