

# A Long-time UK Sailmakers Customer

John Bailey explains why.

These days John Bailey grins as he sails! Why? Because he just won the 2017 S97 State Championship powered by a complete set of UK Sailmakers' sails including a Black Titanium® mainsail, an X-Drive® genoa, and Matrix® spinnakers.

Bailey told us why he's so loyal to UK Sailmakers: "Start with the fact that their technology and construction methods are state-of-the-art. Add to that how my UK sails are fast upwind and down...and look great in all conditions. Not to be overlooked, however, is UK's pre- and post-delivery service. Totally brilliant! What's there not to grin about?"

If you're not grinning like John Bailey, perhaps it's time you contacted UK Sailmakers.

Sailmaking is what we do...

Sharing our passion for sailing is why we do it.
