BLACK DIAMOND AUSTRALIAN FOOTBALL LEAGUE

STRATEGIC PLAN

2018 - 2020

THE BLACK DIAMOND AFL

ENVIRONMENT

The Black Diamond Australian Football League (BDAFL) is a dynamic body representing the greater Central Coast, Greater Newcastle & Upper Hunters regions of New South Wales in respect of Australia's number one football code.

Football was first played in the Hunter Region in the early 1880's. The game struggled during the recession of the 1890's and was revived on and off over the next fifty years before the Newcastle AFL was formed in 1948. The Central Coast AFL was formed in 1976.

The BDAFL was formed in 2000 with a combination of clubs from the Central Coast and Newcastle Australian Football Leagues.

In 2012, the competition was restructured to move away from your traditional seniors, reserves and Under 18's competition to a divisionalised structure which enables clubs to be placed in a division which was suitable to their ability. This has seen a growth in the number of senior teams.

In 2013, the Under 18's competition disbanded.

In 2015 a women's competition was formed for the first time with six teams participating.

In 2015, the BDAFL comprised twelve clubs who provided thirty three teams across four competitions, three men's and one women's.

In 2017, the Divisionalised Model was changed to a seniors and reserve grade model. Total number of teams was 38 including 12 women's teams.

The premiership trophy in the league is the Black Diamond Challenge Cup which was first played for in 1888 and won by the Wallsend Club. The trophy is the oldest Australian sporting trophy still being contested and is held aloft by the premiership team on Grand Final day. It is currently housed at the Newcastle Regional Museum.

STRUCTURE

The BDAFL is a league made up of member clubs and stakeholders throughout the greater Newcastle & Central Coast Region of NSW.

The BDAFL has an Executive elected in accordance with the Rules & Regulations. The Executive is responsible for:

- Strategic Direction
- Overall Performance
- Corporate Governance
- Compliance and Financial Management

The BDAFL Executive delegates to the Football Operations Manager the responsibility for day to day operations of the League.

The member clubs and stakeholders are responsible for effectively managing and presenting Australian Football in their areas of influence, and for collaborating with others in the BDAFL to pursue the objectives promulgated by the League from time to time.

The BDAFL maintains a strong relationship with AFL (NSW/ACT), which was strengthened with the Football Operations Manager now being employed by AFL (NSW/ACT). The League also maintains collaborative relationships with Australian Football Leagues throughout NSW.

VISION, MISSION & KEY PERFORMANCE INDICATORS

VISION

"Strong Management, Healthy Clubs, Competitive Football"

MISSION

To provide a quality sporting experience within an inclusive environment, fostering the development of Australian Football.

KEY PERFORMANCE INDICATORS

The BDAFL will be measured against the following

- To have an adaptable organisational structure commensurate with available resources
- Each club to meet BDAFL Governance Standards
- Develop strategy to ensure competitive and sustainable competition structure
- To identify and pursue one facility improvement per year
- Maintain and develop effective relationships with both internal and external partners

STRATEGIC PILLARS

- Strong Management of BDAFL & Operations
- 2. Healthy Clubs
- 3. Competitive Football
- 4. Facilities
- 5. Partnerships

STRATEGY EVALUATION

A review of this plan is to be undertaken annually. The BDAFL strategic plan is to be considered a 'rolling document' whereby at the conclusion of each year, it is subject to review.

The following needs to be achieved in order to make this a 'living document'

- 1) Board of Management, Football Operations Manager and other 'staff' to report on Key Performance Indicators in their area of responsibility.
- 2) Key Performance Indicators and direction of plan to be adjusted if necessary in December
- 3) Allow stakeholder 'buy in' by seeking club input.
