

Lake Breeze

2015 Cabernet Sauvignon

The 2015 Cabernet Sauvignon is selectively harvested from Langhorne Creek vineyards varying in age from 20-30 years.

Fermentation in small open-top fermenters was followed by maturation for 12 months in 3-5 year old oak barriques prior to bottling without fining or filtration.

It has a lifted bouquet of blackberries, mint and a touch of mocha. The palate is medium to full in body, showing vibrant dark fruits and polished tannins.

Best consumed over the next 4-5 years and is well suited to enjoy with roast lamb.
