SAUVIGNON BLANC

The cool conditions experienced by our vineyard situated on the southern side of the Dudley Peninsula are ideal for the growing of Sauvignon Blanc and enable the grapes to reach optimum ripeness, whilst still retaining fresh natural acidity.

Precise timing of harvest along with temperature controlled fermentation has combined to maintain the pure fruit expression and delicate flavours of Sauvignon Blanc. The 2016 'Silver Mermaid' displays characters reminiscent of passionfruit and guava with just a hint of grassiness and a freshness, which makes it ideal for summer drinking.
