### AFL NSW/ACT PRESCRIBED PENALTY SYSTEM FOR REPORTED PLAYERS

#### **Introduction**

The League has adopted the State and Territory Tribunal Guidelines for the purposes of dealing with Reportable Offences. Section 5 of the State and Territory Tribunal Guidelines contains grading templates for various classifications of offences and outlines the prescribed penalties which can be offered to reported Players (where applicable).

The system will not apply to Officials who are reported. Those reports will be heard by the Tribunal.

#### **Procedure**

Umpires shall report and charge Players in the usual manner. The reporting Umpire shall complete the Player Report Form template and forward to the League by 12.00pm on the Sunday immediately following the Match (where reasonably practicable).

Once the Player Report Form and Report Template has been received the League’s Football Operations Co-ordinator will process the report and decide whether:

2. the report should be referred to the Tribunal for determination.

## Appendix “C” – Recording of Images

- (A) The law surrounding the taking of images, video and/or audio by way of electronic or any other means (**recording**), particularly of minors, is complex. AFL (NSWACT) takes this issue very seriously, and the provisions below are designed to assist Clubs, Officials, Players, families and supporters, as stakeholders, to deal with this complex issue. However, these provisions are not legal advice, and all stakeholders must make their own enquires. Whilst AFL NSWACT will provide information, guidance and assistance on these issues, the responsibility to ensure compliance with all legal (including statutory) provisions lies with individual stakeholders, as appropriate.
- (B) When a person enters private land, they consent to any requirements that the property owner may impose on them. This may include restrictions, including prohibitions on the making of a recording of events held on their land. There is nothing, however, to prevent a person from making a recording from outside of the borders of private land, regardless of the property owner’s preferences. In the absence of conduct that is offensive or threatening and unlikely to interfere with the public enjoyment of a public place, there is nothing to prevent a person from making a recording of minors in public places.
- (C) It is thus not generally illegal to make a recording of minors at sporting events, but a common-sense approach needs to be taken.
- (D) Persons making a recording and persons using such recordings must be mindful of the complex issues surrounding privacy.
- (E) Unless consent is specifically withdrawn, by reason of the Terms and Conditions of Participation the Player’s image in any form or medium is able to be used for general marketing and promotional activities.
- (F) By agreeing to the Terms and Conditions of Participation when Registration is effected, the Participant irrevocably consents to the use of Participant’s Footage and Likeness for competition management and administrative purposes
- (G) The provisions seek to strike a balance between concerns regarding privacy and the reasonable use of such images.
- (H) This Appendix governs the recording of images, video and/or audio by way of electronic or any other means (**recording**) of League activities where used by or for the use of or on behalf of Clubs and/or for, by or on behalf of their Officials (**recorder**). It must be read in conjunction with relevant Codes of Conduct and the Registration Terms and Conditions. Where this Appendix is inconsistent with specific provisions in the Registration Terms and Conditions, such specific provisions of the Terms and Conditions will prevail.
- (I) It sets out the terms and conditions on which such recording can take place, seeking to balance the reasonable expectations of privacy by the participants and the reasonable use of such recordings for legitimate purposes.
- (J) Recordings may only be used within the spirit of the game and within the Laws and consistent with the Code of Conduct.
- (K) In this document, **participant** means all Players, Club appointed Umpires and Team Officials, and does not include spectators and officially appointed Umpires.
- (L) The recorder may only record Matches and other AFL related activities such as practice Matches, training and drills (**activity** or **activities**) for legal, instructional, coaching and promotional purposes (**the accepted purposes**) and must not record activities for commercial, indecent, inappropriate or illegal purposes.

- (M) Subject to the direction and supervision of the League, and the direction or ruling by the relevant Code of Conduct Investigations Sub-Committee or Tribunal, such recording may be used for legitimate purposes in Code of Conduct investigations and/or Tribunal hearings.
- (N) The recorder must inform the ground manager (where appointed), the Coach and/or Team Manager of the Club and any Club (**other Club**) whose participants are involved in the activity to be recorded, before the recording is commenced. The other Club may not object to the recording being made. The Coaches and/or Team Managers must use their best endeavours to inform participants, and the parents and guardians of all participants who are minors, of the recording.
- (O) If a copy of the recording is requested by an official of the other Club (the **requestor**), the recorder must provide a copy within 3 working days after being provided by the requestor with suitable media on which to copy the recording. The requestor shall pay the amount identified in Table 1. The League may request a copy of the recording and advise the recorder of the media on which it wishes to receive the recording and such copy shall be provided to the League without charge within 3 working days.
- (P) None of the recorder, the requestor or the League shall provide a copy of the recording to any other party except with the written consent of both Clubs.
- (Q) None of the recorder, the requestor or the League shall post, stream or otherwise share the recording, including on the internet or social media. The recording may be shared for instructional, Coaching, Tribunal /Code of Conduct purposes but only by the Club, the other Club or the League. Except where used for the accepted purposes, none of the Applicant, the requestor or the League may make any other form of publication of the recording.
- (R) The requestor and the League may only use the recording for the purposes outlined in point 5 above.
- (S) A recording may be used for promotional purposes unless the consent of the parent or guardian of any players who are minors for the use of such recording has been withdrawn prior to its use.
- (T) Where informed consent is required, it is the sole responsibility of the party who is required to obtain the informed consent to obtain such informed consent.
- (U) The provisions of this document apply to recordings however and by whomever made or obtained.
- (V) Table 2 sets out various activities and how they are covered by this Appendix. However, the Table is for guidance only, and if there is any discrepancy between the Table and this document, the provisions of this Appendix prevail.
- (W) Breach of the terms of this document, or the spirit of the game or the Code of Conduct is an act of Misconduct under the AFL Laws, and will be dealt with pursuant to the Bylaws accordingly.

## **LIGHTNING GUIDELINES**

### **1. Introduction**

AS1768-2007 Lightning Protection Standard was published on 10 January 2007.

Section 1.2 states that “Compliance with the recommendations contained in this Standard will not necessarily prevent damage or personal injury due to lightning, but will reduce the probability of such damage or injury occurring”.

3.3.1 Under Precautions and Personal Safety notes “In the absence of specific information from weather radar, a lightning location system, or a specialized warning device” then “the 30/30 safety guideline should be used.”

### **2. Procedures**

When lightning is considered to be a possible or actual threat to an AFL match the following procedures are applicable:

#### **(a) Access to Bureau of Meteorology**

##### **(i) Lead Up Prior to Match Day**

The proactive plan should commence in the days before the activity, where weather forecasts provide important warning of possible thunderstorm activity.

The league will monitor weather forecasts commencing Tuesday prior to schedule matches using the Bureau of Meteorology (BOM) website. Note should be taken off any warnings posted.

The league will continue to monitor the BOM site in the days leading up to the match.

On the day prior to match if any threat of lightning is predicted the Football Operations Co-ordinator will contact the Duty Forecaster of the BOM in the relevant state of venue and request a verbal update. BOM contacts are distributed to all clubs prior to the start of the Season.

##### **(i) Match Day**

Increased awareness of lightning risk should continue on the match day until the activity has finished.

If the threat continues into game day the Football Operations Co-ordinator should contact or meet the Ground Manager to discuss the situation.

They should check the BOM website then contact the Duty Forecaster at the relevant BOM to determine the situation.

The competing club representatives should be contacted in order to explain the situation to them.

Regular updates must be sought from the BOM in the period leading up to the match commencement time, involving the Ground Manager, competing Clubs and an umpire.

Teams and officials should proceed to the venue unless otherwise directed.

If lightning is predicted within no less than 10km of the match venue at the scheduled starting time the game commencement time may be delayed by up to 60 minutes.

This decision to delay or suspend play as well as resume play will be based on information obtained from the BOM. The Football Operations Manager must be contacted to discuss, Ground Manager, Club representatives and an Umpire will be involved.

### (iii) Training (Club Responsibility)

A club official should monitor forecasts and particularly warnings, through the Bureau of Meteorology, in the lead up to outdoor training sessions.

If a lightning threat emerges, the nominated Club Official must contact all relevant coaching, rehabilitation and training staff and provide updates on a regular basis.

A decision to delay, suspend or resume training should be made in consultation with relevant coaching and administration staff.

If players are training when the lightning threat becomes real then they should leave the training venue immediately and take shelter inside a building or metal framed car.

They must not shelter under or near trees.

Once the storm's path has been reassessed, there must be a minimum of 30minutes elapsed before returning to training.

### **No Access to Bureau of Meteorology**

The most basic level of warning involves observation of the weather in the local area.

#### 1.1.a.1. 30 / 30 Rule

Lightning **30/30 rule**: If it takes less than 30 seconds to hear thunder after seeing the flash, lightning is near enough to pose a threat; after the storm ends, wait 30 minutes before resuming outdoor activities

The **"30/30" rule** serves as a guide for the suspension and subsequent resumption of activities. The overall principle is to seek shelter when the lightning activity is too close.

The observation of approaching storm clouds, the first flash of lightning or clap of thunder, no matter how far away should heighten lightning awareness. The level of risk depends on one's location (direction and distance) relative to the storm cell and the direction in which the storm system is travelling.

A simple method of determining the distance to the storm cell is to measure the time elapsed from when the lightning flash is observed and when the associated clap of thunder is heard.
