2.2.3 BASL may abandon or restructure any competition

2.2.4 In season 2017 BASL introduced the process below for Senior Women and Youth Competitions. This process will continue in 2018 with a final date for clubs to utilise the process till the end of the 2019 season:

- (a) Fixtures and team entries should proceed with games to be modified based on the team with the lesser number of players (minimum of 7) where necessary.
- (b) Each club is expected to advise BASL of the expected number of players they will be playing in advance (midnight Monday before the game) for both Youth and Women's Divisions. The team with the lesser number of players expected will determine the format of the game to be played i.e. one team can only provision the minimum 7, the game will be played as 7 v 7 on full field. The team without the minimum limitation will be allowed to have a full complement of players (bench), up to the maximum 16. Any club unable to field 7 players will forfeit the round.

- (c) BASL will make the final decision on game format once information is to hand and will advise clubs involved accordingly
- (d) The team with the minimum number of players may request that the game be amended to a higher number of players on the day only if agreed with the opposition, but it must not be a lesser number i.e. team advised 9 available, now only 7 show up, game will be played as 7 v 9.
- (e) Where a club has a player/s under suspension (Red Card and Misconduct Offences), these cannot be considered un-available and will be add to the available numbers notified.

For avoidance of doubt, if a team has notified they will only have 8 players (but have two on suspension), this will be considered as 10 players and the opposition team will be able to field 10 players on the field

- (f) The objective of this decision is to ensure maximum participation of clubs and avoid the lack of fun associated with an 11 v 7 game.
- (g) This change for 2017 is a temporary measure to preserve the competition and will be reviewed at each seasons end until the sunset clause of the end of the 2019 season

Note: The league expects clubs to continue with recruitment initiatives to maximise participants through the season and as such minimise the need to hold modified fixtures.

7.9 Victorian Code of Conduct for Community Sport

Every person in Victoria has the right to participate in community sport which is safe, welcoming and inclusive. Equally everyone plays a part in ensuring their actions and behaviours are supportive of these values.

The Victorian Government's Respect Agenda is about ensuring that respect for ourselves, others and the community, is at the centre of what it means to be Victorian. As part of this Agenda, the Government is committed to enabling every person, in any capacity, to have the opportunity to participate in community sport without fear of abuse, intimidation and harassment.

State Sporting Associations and clubs also have a responsibility to ensure participation in any community sport event is free of any anti-social behaviour both on and off the field which prevents others from taking part and getting active.

The Victorian Code of Conduct for Community Sport outlines behaviours which are expected to be followed by every person involved in community sport, as well as identifying the behaviours which must not be tolerated.

The Code supports A Right to Respect: Victoria's Plan to Prevent Violence Against Women by taking a zero tolerance stance towards violence against women. The Code also aims to encourage cultural and behavioural change to prevent it happening in the first place.

Acts of violence, discrimination and vilification are illegal acts within Victoria. It is a club's responsibility to not only report these to the appropriate legal authorities but to ensure these acts are not tolerated by the sport or club.

State Sporting Associations and clubs will have the responsibility of adhering to and enforcing the code through sport specific penalties. State Sporting Associations and clubs who don't adhere to and enforce the Code will not be eligible for funding from Sport and Recreation Victoria, and any existing funding will cease.

The Code provides the opportunity to make a positive impact on community participation in sport and recreation by encouraging appropriate behaviour at all times. Implementation of the Code will ensure that community sport remains safe and inclusive for all.

Code of Conduct

Every person: spectator, player, club member, official, participant, administrator, coach, parent or member of the community involved with the sport, should work to ensure:

- respect is shown towards others, the club and the broader community

- a safe and inclusive environment for all
- elimination of violent and abusive behaviour
- protection from sexual harassment or intimidation.

This Code applies to community sport, training and club sanctioned activities.

- ensure reporting and assessment processes are in place to identify and penalise breaches of the Code
- report on the implementation of the Code to the State Government on an annual basis
- ensure that every person involved in the sport is able to exercise their rights without fear of victimisation.

Implementation of the Code

In 2010 all State Sporting Associations (SSAs) will be required to sign onto the Code and pledge their support by confirming the following actions:

- Ensure all components of the Code are included in an existing SSA code or through the creation of a new code for the SSA.
- Develop appropriate reporting and assessment processes for issuing penalties for breaches of the Code.

- Identify what penalties they will put in place for any breaches of the Code.
- Inform all affiliated clubs of their obligations under the Code, their expectations for reporting, assessing and acting upon breaches.

Any SSA or club applying for funding through Sport and Recreation Victoria (SRV) from 2010/11 will need to demonstrate their adherence and enforcement of the Code in order to be eligible for funding.

SSAs and clubs who don't adhere to and enforce the Code will not be eligible for funding through any SRV grants programs.

Councils applying for funding from SRV, must ensure that sporting associations and clubs who are tenants at the site of the project are enforcing the code.

Sports Associations and clubs not aligned to an SSA will still be required to adhere to and enforce the Code in order to be eligible for funding from Sport and Recreation Victoria, if not any existing funding will cease.

9 FOOTBALL LIGHTING POLICY & REQUIREMENTS

Football Lighting Policy 2017

This policy sets out the mandatory requirements for competition lighting at football venues used by

Clubs competing in competitions managed by Football Federation Victoria (FFV).

The primary reason for the requirements is the health and safety of participants. Additional reasons include the enabling of higher quality play, providing a satisfactory experience for spectators and ensuring that football venues are “good neighbours” in residential areas.

Mandatory Requirements for Competition Lighting

These requirements apply to Matches between FFV clubs, including friendlies and practice matches. This document:

- explains the background to the requirements;
- specifies the standards to be met for each level of competition; and
- details the process which must be followed to gain approval for Matches to be fixtured at night;
- details the conditions under which approval for night fixtured Matches may be retained by clubs.

1 Background

The International governing body for football the Federation Internationale de Football Association

(FIFA) does not mandate specific lighting standards for competitions of the type managed by FFV.

Australia's governing body Football Federation Australia (FFA) has not mandated specific lighting standards for competitions of the type managed by FFV.

Therefore, FFV has adopted Standards Australia's published standard AS2560.2.3-2007, Sports Lighting - Lighting for All Football Codes (Standard) as the basis for lighting requirements for FFV Matches.

The Standard applies to football (soccer) as well as other codes played in Australia. The Standard varies for different levels of play and training.

While FFV supports Clubs wishing to expand their audiences or provide better opportunities through holding Matches at night under lights, Clubs need to be aware that compliance with these requirements is a precondition of FFV's approval of such night fixturing.

2 Requirements

The requirements detailed below are enforceable under FFV's Rules of Competition for each league operated by FFV and must be read in conjunction with the Rules of

Competition. They are mandatory for Matches which clubs wish to be played under lights.

It should be noted that these standards are the MINIMUM required for FFV competitions. Achievement of higher levels of lighting is both allowed and encouraged by FFV.

The Standard identifies several levels of competition and specifies lighting standards for each. The levels are:

- amateur;
- semi-professional;
- professional.

Therefore, the following is the minimum requirements for competition lighting.

Competition	Minimum Lux ¹	Uniformities ²		Maximum Glare Rating
Amateur Competitions	100	0.5	0.3	50

Note that the minimum Lux refers to the maintained average as measured in field audits, not initial design.

3 Process

Where a Club wishes Matches to be scheduled at times requiring lighting, FFV requires certification by a suitable independent lighting consultant (Certification) that:

- the lighting requirements are being delivered by the system installed and operating at the venue; and
- the system is sufficiently reliable to enable Matches to be scheduled with reasonable confidence there will not be a fear of disruption to the lighting.

The Certification must be based on an audit of the lighting system by a suitable consultant. The Club or ground manager must pay the cost of the audit.

The identity of the lighting consultant must be confirmed as suitable to FFV in advance of the audit being conducted. Suitability is based on the qualifications and experience of the consultant in floodlighting for sports purposes, especially football. Suitable lighting consultants will include but are not limited to Members of the Illuminating Engineering Society of Australia and New Zealand Limited (IES - The Lighting Society).

For the required audit the lighting consultant must:

- undertake a review of the installed equipment to assess its characteristics and current potential for compliance with the Standard; make such calculations as are necessary to assess compliance with the required Glare Rating;

1 Maintained average horizontal illuminance

2 Minimum horizontal uniformities

- undertake an on-field audit using appropriate equipment measuring lux at a minimum of 50 points on the field, including at critical points³ and assess compliance with the lux levels and their uniformity;
- identify any issues of concern regarding the uniformity of vertical illuminance affecting illumination of the ball on medium and high trajectory paths;
- identify any issues of concern relating to the lighting system's reliability, including a check of the switchboard/lighting control systems to confirm that they are able to fully secured and are in good working order; and
- report to FFV in detail on compliance with the Standard or otherwise.

The lighting consultant's report to FFV must include details of the installation, measurements obtained in the on-field audit and the calculation of maintained average lux, uniformities and glare along with comments on uniformity of vertical illuminance and reliability. Certification is subject to satisfactory compliance with the Australian Standard and acceptable reliability.

Certification will be accepted by FFV for a period of two years, after which another audit must be undertaken and Certification provided if the Club wishes to continue to hold Matches at times requiring lighting. The lighting consultant's report to FFV must include details of the installation, measurements obtained in the on-field audit and the calculation of lux, uniformities and glare.

FFV will not approve fixtures that require lighting without the Certification.

4 Ongoing compliance

The Club must ensure that the Standard is always met for Matches.

Where a Club becomes aware that lighting for a Match is likely not to meet the Standard it must immediately notify FFV in writing of that fact in which case FFV will arrange a change of fixture.

Where a referee has made a report in relation to the adequacy of the lighting at a venue or FFV has concerns that a venue may not currently meet the Standard, FFV may engage a suitable lighting consultant to undertake a field audit to test compliance as detailed above. If the lighting is found to meet the Standard FFV will bear the cost of the audit.

If the lighting is not found to meet the Standard the club is responsible for the costs of the audit and FFV approval for fixtures requiring lighting at the venue will be removed until the lighting is maintained, repaired or modified to comply with the Standard.

If a Match is halted temporarily or abandoned due to the failure of the lighting to meet the Standard or failure to function at all during a Match the Club must provide evidence to FFV as to the causes of such failure.

If the lighting failure was due to circumstances beyond the control of the Club, including network system failure, weather or accidental damage or offsite equipment failure no

penalty will be imposed and subject to FFV being satisfied that the lighting for the club's subsequent night fixtures will meet the Standard those fixtures will remain as scheduled.

If the lighting failure was the fault of the home club due to any other reason: (a) the Club will be liable to a penalty of 4 Penalty Units; and,

Measurement points are shown at attachment A.

(b) if the Match is required to be rescheduled it will be scheduled at the home ground of the opposition team on a date to be set by FFV; and,

(c) the Club may be required to pay for a further audit in accordance with the process detailed in section 3 above; and

(d) the Club may be required to postpone or reschedule night Matches at the venue until the audit demonstrates compliance with the Standard.

If the lighting fails to meet the Standard on a second occasion within two seasons for any reason FFV may in its discretion impose a Fine of up to 8 Penalty Units and/or not accept that venue for subsequent night fixtures.

Disciplinary Matters

In addition to the rules applied in the Championship Season GDT

Serving of Suspensions

- Players who are suspended during the Championship season, whose suspension extends beyond the Championship season, will serve their suspension in the relevant Cup and/or Finals Competition.
- Players who are suspended during either the Championship season or the Cup and/or Finals Competition, whose suspension extends beyond the Cup and/or Finals Competition, will serve their suspension in the current or following year Championship Season.

Accumulation of Yellow Cards

- As per the National Disciplinary Regulations, accumulation of Yellow Cards will be reset for the Cup Competition.
 - o Yellow Cards accumulated during the Championship season will not be Counted with Yellow Cards received during the Cup Competition.
- Once a player accumulates 2 Yellow Cards during the Cup and/or Finals Competition, they will be suspended for an automatic game.

Players Suspended in the Previous Season

- Any player who is suspended during the Cup and/or Competition will be subject to - where applicable - item 5.3 of the Disciplinary Policy.

Eligibility of Players - Principles

- Cup Competition teams should be representative of the players that have played in the team during the course of the Championship season.
- Players will always have the ability to move up a division, to aid their development.
- There should be no loophole that allows players who have – for example – primarily played Men's Division 1 football during the Championship season, to play in Youth

Division or Under 16 A Division during the Cup Competition.

- The Club is solely responsible for making sure that their players are to play in the Cup Competition, failure to do so will incur a penalty under the GDT.

Eligibility of Players - Rules

Qualifying for a Single Division

- Once a player plays five (5) games during the Championship season in the ONE division (and is not qualified for another higher division or age group whether that team makes finals or plays cup or not) they qualify for that division.

For Clarification: If John Plays 6 games for the division 2 team, however has play 8 games for the Div. 1, the 5 games rule is applied to the Div. 1 games (whether the team makes finals or not) and to qualify for Div. 2 the qualifying for Multiple Division rule applies.

Qualifying for Multiple Divisions

- The lower/younger divisions
- Once a player plays in half of the games contested by that team during the Championship season in the ONE division they qualify for that division.
- Should the number of games contested by that team be an odd number, half the number of games will be rounded up – to the next whole number (e.g. 15 game season, 8 games are needed to qualify?)
- Junior grade restrictions in the same age group apply to all games, including Cups played during the season, including finals.
- Any highest/oldest division
- Once a player plays five (5) games during the Championship season in a division they qualify for that division.

NOTE - Men's Division 1 & Women Division cannot be a "lower division"

- Players who qualify for multiple divisions may move freely across these divisions only for all weeks of the Cup Competition without restriction.
- Players may play in a division other than the one for which they qualify, however a player will then be bound by the following restrictions.

- The other division must be higher/older than the highest division for which the player has qualified.
- Players who qualify for multiple divisions – with a division between, will be unable to play in the division between.

e.g. Players who have qualified for both Youth Division and Men's Division 1 will not be eligible to play in Men's Division 2 at any stage/in any capacity

- Once a player plays in a division other than the one for which they have qualified, they will be eligible for that division only.
- Players in this situation will still have the ability to again play in a higher/older division

Example

o Should a player who has qualified for both Under 16A Division and Youth Division play in a Division 2 game, he will be eligible for Division 2 only. He is now ineligible to play Under 16 and Youth.

o He still has the ability to play Men's Division 1, however should he do this he will be bound to Men's Division 1.

- Players who appear as a substitute in Men's Division 1 will not be considered to have played in Men's Division 1 for the above purposes.

Eligibility of Players - Dispensation

- Clubs requesting dispensation to play ineligible players in the Cup Competition must submit their request in writing 10 days prior to the first scheduled Cup match.
- Dispensation may be sought for the following reasons:
 - o Long Term Injury
 - o Missed Matches which would have seen the player qualify
 - o Junior Player playing up into Senior Competition.

Refer to section 2.3.9 for details on dispensation requests
