13.1.1 It is a venue requirement that consumption of food and drink (with the exception of liquid in sealed sports drink bottles) is not permitted in the sports halls. Water must be contained in sealed sports drink bottles to limit the amount of water/liquid on the floor resulting from accidental spillage.

13.1.2 One of the responsibilities of every school is to ensure students do not consume food and drinks (with the exception of liquid in sealed sports drink bottles) in the sports halls. It is also the responsibility of each school/team manager to be responsible for the school/team contribution to the overall cleanliness of the venue. The combined effort of all adults and students in maintaining clean playing halls and foyer is essential from a risk management perspective and a cost perspective.

13.1.3 Event officials have the authority to ask any person consuming food or drink (other than liquid in sealed sports drink bottles) to leave the sports hall. Event officials also have the authority to report the offending person to the School/Team Manager and to keep a record of offenders for further action if deemed necessary.

Schools are responsible for covering the cost of any ambulances required for their students. Schools should ensure that ambulance insurance is in place.

### **13.5 ALCOHOL/DRUG CONSUMPTION**

Smoking, drinking alcohol and taking other social drugs are strictly forbidden during the whole of the tournament. Any breach of this rule will result in the player being ejected from the tournament, their school and parents being notified, as well as the player being returned home on the first available transport. Any additional expenses will be the responsibility of the parents of the offending person.

### **13.6 DRUG POLICY**

The Australian Volleyball Federation whole-heartedly endorses the Australian Sports Commission (ASC) Drug Policy. Given that this is an official National Championship, all participating athletes are subject to random drug testing by the ASC. A condition of nomination is that all athletes accept this policy of random drug testing.

Any incidents of the theft of balls, personal property and equipment will result in the expulsion of the player and/or team from the competition. Please be aware that police intervention will be sought.

### **13.8 BLOOD**

In keeping with current sports practice, matches cannot proceed if there is a bleeding player, or blood on balls or equipment. Should bleeding occur, the player will be removed from the game, as per the rules concerning an injured player, and cannot take their place on the court until there is no more evidence of blood or bleeding. Matches will be halted until such time as all blood has been removed from the court/playing equipment.

### **13.9 PLAYER CONDUCT**

The current rules of the game provide for the match officials to contain incidents of unsportsmanlike behaviour before any penalties are given. When conduct is considered to be significantly bad – a penalty is awarded in the form of a yellow card. Should a player, coach or team management incur two yellow cards during the course of the event, they will be immediately suspended for the subsequent match. Suspension means the offending participant cannot be present in the playing hall or its viewing galleries or stands for the duration of the match.

### **13.10 CONDUCT IN THE VENUE**

13.10.1 Players are expected to respect the venue and any signage and rules that exist. Participants who fail to respect these rules, or who litter may be subject to discipline within the general context of the event and may be liable to sanctions such as suspension for a match or a number of matches.

13.10.2 The following rules in particular should be reinforced by managers and coaches:

13.10.2.1 No bouncing or passing of volleyballs in the foyer area.

13.10.2.2 No food or drink within the sport halls (other than players' water bottles for those involved in matches).
