

Role of the Regional Supervisor

The primary roles of a Regional Supervisor are:

- to take part in the decision making process of the South Australian Country Basketball Council on a basis of what is the best for the sport as a whole, and
- to provide a means of communication between the Associations in the Region and the SA Country Basketball Council.

Each Regional Supervisor is appointed for a period of three years.

As the role of a Regional Supervisor is voluntary, no compulsory demands are placed on the Supervisor but it is strongly expected that the Supervisor contribute as much as possible to the functions of SA Country Basketball Council.

However; the Regional Supervisor must be careful not to do all the work – indeed, they should refer the Association to where they can get the required information and expertise rather than doing it for them.

It is anticipated that the Regional Supervisor:

- attend three SA Country Basketball Council Executive meetings each year
- be aware of the activities of all Associations in the region. If possible, visit each Association once per year
- report on Association activities at each Council Executive meeting
- attend and act as Court Supervisor for the Country Championships
- convene regional appeals tribunals as required
- actively participate in activities of appointed sub committees of the Council Executive; investigations, promotion, coaching & development, referees etc.
- actively participate in activities of any special sub committees appointed from time to time for a specific task (e.g. Anniversaries, Celebrations etc.)
