

In 2019, AFL North East Border will again be celebrating the achievements of our Football and Netball Coaches whilst acknowledging valuable Club volunteers and will offer the opportunity for Premiership winning teams to collectively celebrate the season at the Annual Community Football Netball Awards incorporating the Coach of the Year.

AFL North East Border will be accepting nominations for the Community Football Netball Awards from Leagues and Associations who recognise the efforts and commitment of coaches and volunteers whose achievements can have a profound impact on individuals, teams and the club.

AFLNEB again request nomination from individual leagues and associations in each of the relevant categories identified. Leagues may nominate one individual in each category.

Award Category Finalists will be announced in September and invited to attend the Annual AFLNEB Community Football Netball Awards 2019 on Friday October 4th where the eventual winners will be announced.

Why nominate?

- Recognise those individuals in your clubs who have had a positive influence on the club, teams and individuals
- Have your clubs recognised as a leading community organisation
- All Finalists will receive a certificate recognising their achievement and displayed on the AFLNEB website to be seen and shared
- All Category Winners will receive a certificate and trophy recognising their achievement and will be displayed on the AFLNEB website to be seen and shared

As nominations in each category are received from Leagues and Associations, clubs are encouraged to nominate worthy individuals with their relevant League Manager for consideration.
