

WorkSafe Victorian Country Football League

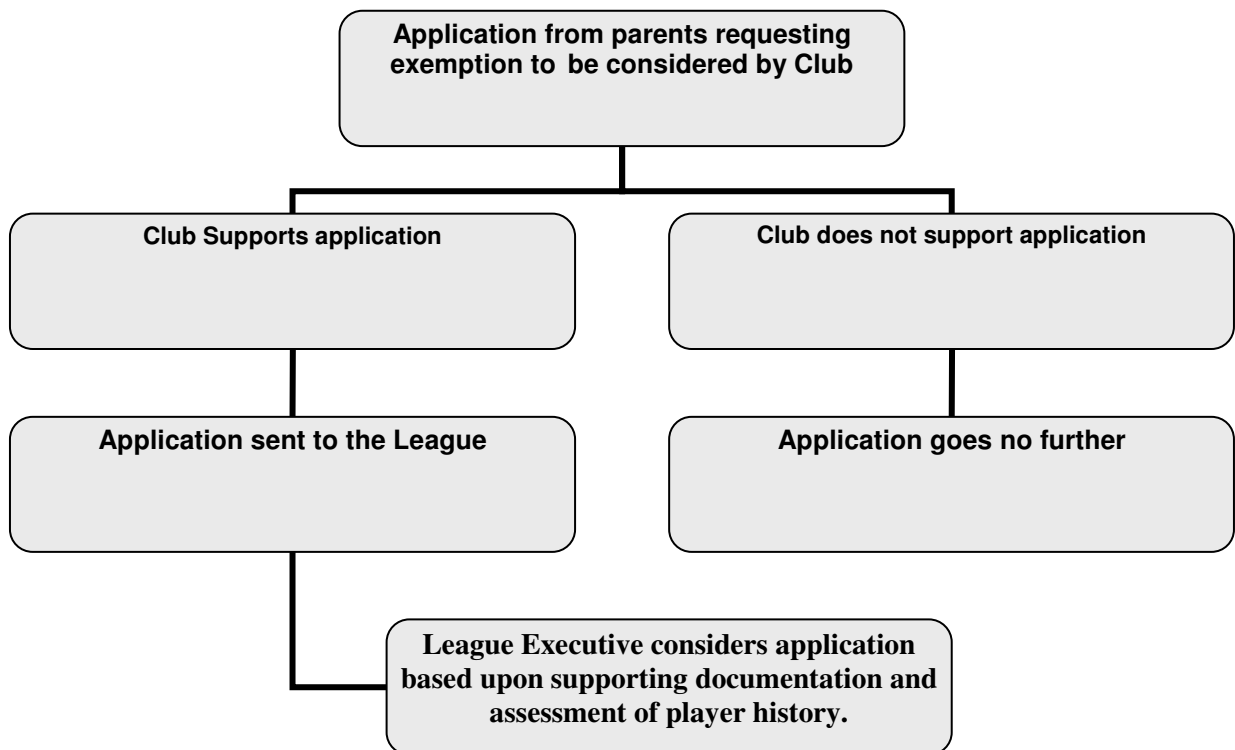

## Age Group Exemption Permit

**For a player to play outside their age group in junior football.**

An age group exemption is usually granted or considered where a player is unable to play in their 'normal' age group based on disability or medical condition or other exceptional circumstance, such as a significant size difference.

A player can only play one year out of their age group.

Process for application:

**Written application to the .....FL by the club requesting the permit:**

- Full details of the player and reason for the request (signed by parents)
- Supporting medical reports or letters
- Other supporting documentation
- All applications must be made by May 1<sup>st</sup>.

- A player is not able to play on an over age exemption until written league approval is received by the club.

**Successful application monitoring:**

- A club is able to have a maximum of four overage players nominated for any one junior team.
- Each overage player must be indicated on the team sheet each week with an asterix.
- After the conclusion of round 6, .....FL junior coaches will have the opportunity to raise with the .....FL Executive any concerns with the standard of overage players of opposition teams.
- The .....FL Executive has the right to re-evaluate the AGP at any time throughout the season and when it considers necessary revoke such permission. These decisions will be in full consultation with the WorkSafe VCFL regional manager, club, parents/guardians and player concerned.

**In the case of a collaborative decision not being able to be reached at any stage between all parties advice will be obtained from the VCFL Area Manager.**
