

## **Newsletter February 2015**

Hi Everyone

What has been happening this month ???

### **School Clinics - 2015**

*New school S.C Grammar - started there on 2<sup>ND</sup> February with "Learn Lacrosse" clinics we are coaching four year 10 classes, three days a week, so keeping Al, Chris & myself busy with the fun and thrill of presenting the greatest game to these students.*

*After only 3 weeks with these students, girls & boys, we are going to select with help from the sports masters, 30 of the better players and put on a competition game next Monday at the school main oval at the Lunch-time break. All of the school staff & students, are anticipated to be there so should be an opportunity to show the skills these young student athletes have developed in the 3 weeks of the programme.*

*Sunshine Coast Grammar has some 5 sports teacher/ co-ordinators and they have given S.C.L.C an excellent chance to present the game towards our development on the coast.*

Siena, Matthew Flinders, Pacific Lutheran and Sunshine Coast Grammar Colleges plan for 2015, training/coaching sessions after school; then 2<sup>nd</sup> term inter class & school games towards our recruitment & development of the club juniors, is to start with the students who have tried Lacrosse in 2013, 2014 with us and now the Sunshine Coast Grammar school in 2015.

Please contact the Boss. if you can help with the coaching, after school.
