

AREA AGREEMENTS AND THE PERMIT SYSTEM

1. PERMITS

There are a number of ways in which a player can participate with another club without being transferred (cleared) to that club. These are all covered under VCFL Regulation 2.0.

- **VCFL Permit:** A player can play up to eight games with a major league club but these games can only be with the senior grade competition, neither reserves nor underage. (refer to VCFL regulations 2.1 – 2.8)
- **VCFL Student permits:** A student living away from home and returning to the club with which he was last registered (prior to being transferred to his current club) during registered school holidays or semester breaks may apply for a permit to play with this club. (refer to VCFL regulation 2.11)
- **Area Agreement permits:** These are the most common permits and a player can apply for a permit only if his current league and the league in which he wishes to compete have developed an area agreement that allows this to occur. (refer to VCFL regulation 2.10 and the information following)
- **Day Permit from the opposition on the day:** If an underage team is short of players on any particular day, then the HDFL allows players from the opposing team play for the opposition on a day permit (see appendix 10). Please note that these players should be removed from their current club's team list and then applied for on line in the same manner as any other permit player. Also, these players should NOT play half a game for the opposition then change with another player and play the other half for their team. They must play the entire game with one team or the other. (refer to VCFL regulation 2.9)

NOTE: For the purpose of numbers on the team lists, these opposition permit players do not count as players from another league and therefore do not necessarily limit the team list to 20 players (unless permit players are also used from another league on the same day)

NOTE: Permits may be applied for at any time during the season. They are **not** subject to the June 30th cut off day that applies to transfers (clearances)

2. AREA AGREEMENTS

The Heathcote & District Football League (HDFL) has negotiated area agreements with a number of surrounding leagues in accordance with VCFL regulation 2.10.

For the current season these leagues include:

- Bendigo Football Netball League (BFNL)
- Bendigo Junior Football League (BJFL)
- Loddon Valley Football League (LVFL)
- Goulburn Valley Football League (GVFL)
- Goulburn Campaspe Junior Football League (GCJFL)
- North Central Football League (NCFL)
- Shepparton and Districts Junior Football League (S&DJFL)
- Seymour District Junior Football League (SDJFL)

These area agreements can be found in appendices 1 through 8.

PURPOSE:

In general, area agreements have been developed to provide the capacity for a club to field an underage team on the day of competition with the aim to have that team being competitive during the match. They have NOT been developed to provide an opportunity for a player to play at a higher level, to gain experience or to “try out” at that higher level at the expense of a currently registered player.

CONDITIONS:

In general, the following conditions apply:

- All available club registered players must be listed on the team sheet before any permit players can be considered.
- There is a limit on the number of permit players allowed for each game. (Usually 6)
- There is a limit on the maximum number of players that can be listed on a team sheet, including any permit players. (Usually 20)
- Some area agreements place a limit on the number of permits that a player may apply for during any one season. (Usually 8)

An area agreement is specific to the leagues involved and it is incumbent on all clubs to be aware of the conditions governing the use of permits under each area agreement.

3. OBTAINING A PLAYER ON A PERMIT.

All requests for a player on a permit must be applied for on line through the Sportzware system on the members' database.

However, prior to applying on line, the appropriate paper work must be completed.

You can only apply for a permit player if we have an area agreement with that player's current league or if he falls under the VCFL permit system.

Paper work required:

A match day permit form must be completed by all relevant people. This form must be signed by all parties which includes the player, a parent or guardian of the player (if he is under 18), a representative of the player's current club and a representative of the club requesting the permit.

THE PLAYER'S NAME and DATE OF BIRTH MUST be written legibly in the appropriate place on the form.

A copy of this form must be forwarded to Central Victoria Football, usually via facsimile (5441 1295) or with the match day documents

A copy of a match day permit form is shown in Appendix 9.

Once this form has been completed ONCE, then the club may apply for the player on line whenever he is able to participate as a permit player. Without this form, the player **MUST NOT** be requested on line.

Requesting the player as a permit player:

- Enter your club's member database and click on the "Request a Transfer/Permit".
- Search the system using the bottom option by entering the player's name and date of birth (hence the requirement to have these written legibly on the permit form)
- Click "Select" button: this should give the player's current details.
- After checking that you have the correct player, click on "select".
- Scroll down passed the "Submit Transfer" button.
- From the drop down "Permit Type" menu select "1. Match Day"
- Enter the date in which you wish the player to participate. The "From" date and the "To" date should be the same.
- Click on the "Submit Permit" button.

No further action is required

The player is now available to be selected onto your team sheet for that particular date. When the team sheet is printed out, he should be indicated with a (P) beside his name.

There is no need to submit a new permit form each time you require this player once the form has been submitted. Even if you complete and submit the form but do not use the player until later on in the season, you do not need to complete a new form. Just apply on line in the manner above each time the player is required BUT making sure that he is available to play.

4. WHAT ARE THE OTHER PERMITS FOR?

In applying online, you may have noticed that there are two other permit types available:

2. Local interchange
3. Temporary Transfer

Local interchange is used when a player is on interchange with another club in another league for an extended period of time.

For example, a player with your club has been selected in the Bendigo Pioneers squad. The Bendigo Pioneers will apply for a local interchange for the entire season. He will NOT be transferred from your club to the Pioneers. However, this player will be able to be selected on your team sheet if he is not required for the pioneers on any on weekend without the need to be transferred back again. This process is not an automatic approval but will need each club and league to approve the permit on line. (A match day permit is automatically approved once the application on line has been processed)

Temporary Transfer is mainly used for a player transferring to a club in the Northern Territory competition (and vice versa) during the off-season. This type of transfer also requires on line approval by all clubs and leagues.

5. WHAT ABOUT JUNIOR PLAYERS FROM OUR CLUB PLAYING IN A DIFFERENT LEAGUE TO OUR SENIOR PLAYERS?

If you have the situation where your senior and junior clubs belong to the one incorporated body, then players who are under 16 ½ years of age do not need to apply for a permit to play for their senior club.

If the junior club plays in a different league to the senior club, then to ensure that players are available for selection on either team sheet, you must apply on line for a **Local Interchange** permit. This is done in the same manner as a Match Day permit outlined above, but the “from” date is usually the start of the season and the “To” date should be just after the end of the season. Remember this must be approved online by all parties before the player can be used for either junior or senior clubs. (For the purpose of this information, the senior club includes the under 17 team as well as seniors and reserves)

NOTE: For the purpose of numbers on the team lists, these local interchange permit players from your junior club, do not count as players from another league and therefore do not necessarily limit the team list to 20 players (unless permit players are also used from another league on the same day)
